

Port of St. John's

There's no experience quite like entering the channel from the rugged Atlantic Ocean and – within the rocky cliffside – discovering a historic and colourful port city that's bursting with small-town charm.

North America's most easterly and oldest city, St. John's is like no other place your cruise audience has seen before. Visitors to St. John's are enthralled by its colourful streets, world-class food, unique shops, and spirited people. Here you'll find an equal supply of stunning views, rich history, and the friendliest people you'll ever meet.

Fun For Everyone

- Stroll along Downtown St. John's and see some of the oldest – and most colourful – streets in North America.
- Be entranced by the views along the coastal trails of Signal Hill.
- Connect with art, history, and culture at The Rooms – home to the province's most extensive collection of artifacts, art, and archival records.
- Venture under Signal Hill and experience our unique geologic story of our earth and beyond at the Johnson Geo Centre.
- Explore the most easterly point in North America at the Cape Spear Lighthouse National Historic Site.
